What did David use to cut off Goliath's head? What had David already killed *before* he killed Goliath?

Bryant, a youngster about four years old, loved having ice cream after dinner every evening. He would sit on his mother's lap and have a small bowl for dessert. Unfortunately, he developed the habit of licking the bowl afterwards to "make sure he got it all". This went on for a while, much to his mother's chagrin. Finally, trying to tactfully hint that it was not such a great idea, she said, "You know, when I was your age, my mother said that licking my dish was a VERY impolite thing to do." Bryant thought a minute, and then responded, "Well you can do it now if you like, because I don't mind at ALL!"

Mother decided that 10-year-old Cathy should get something 'practical' for her birthday. "Suppose we open a savings account for you?" mother suggested. Cathy was delighted. "It's your account, darling," mother said as they arrived at the bank, "so you fill out the application." Cathy was doing fine until she came to the space for 'Name of your former bank.' After a slight hesitation, she put down 'Piggy.'

Great Testimony!

Posted by Sister Lisa Fought, Saturday, April 30, 2011:

"One year ago this evening, at 7:15, my husband was in a motorcycle wreck that almost claimed his life! He was life-flighted to Ruby Memorial in Morgantown, and he was not expected to make it through the night! 'BUT GOD' had a plan for him! I'm so thankful that he is still here with me, and we will be renewing our wedding vows this Thursday, the 5th of May, for our 21st anniversary. We spent our 20th anniversary in the hospital! Thank God for his blessings!"
